the Leadership

Mwanzo Mpya Academy (MMA) is a Christian educational institution located in Tanzania, with a mission to serve the local Rangi community. The Rangi are an unreached people group, with 98% being Muslim and .5% Evangelical Christian. Established by the Mwanzo Mpya Foundation, in partnership with World Renewal, the MMA aims to provide quality education to a community that has historically faced challenges due to extreme poverty. The school, which includes a preschool, kindergarten (opened in 2022), and a grade school (2025) is dedicated to helping the next generation grow. Immediate needs are for child sponsorship partners who would commit to supporting these children for \$40 a month.

The Location

With World Renewal, you are sponsoring children: not a child. 90% of the money you give goes directly to the leadership to use for the children in their community. Please feel free to write and pray for a specific child at the location, knowing the support goes towards all of the children.
