WORLD RENEWAL

Two Brothers in Paudalho

Since 2021, they have been meeting at a gym, building relationships, small groups, and providing food baskets. Now they have their own location, next door.

Antonio, John Snow and Tony are leading this church plant and Living Stones with a great group of teachers and volunteers!

Maria Clara is six years old and lives with her grandmother, her two half-sisters, five cousins, aunt, and her great-grandmother in a one bedroom home. There isn't a lot of food, as none of the adults have steady work, and they mostly survive off of the little government money they receive. When Two Brothers officially opened this year, making sure that for the first time, Maria Clara gets a good meal each day, she said "My heart jumped it was so happy!"

EVANGELIZE AND DISCIPLE

Through IMPACT outreach ministries, we assist local churches planting new churches. One of the kids in the community embraces Jesus and becomes involved in the church, which leads him to be a part of IMPACT outreaches in new communities, and furthers his discipleship.

EDUCATE AND EQUIP

As this child grows through our scholarship program, he is equipped for future educational opportunities such as the international school, seminary, technical or business training, and eventually a college degree.

GENERATE AND REINVEST

Now this adult is prepared for a lifetime of ministry such as being a church planter, teacher, or working with one of our many business as mission (BAM) projects, planting churches. These leaders become our strategic workers to fulfill the great commission to the ends of the earth.

How does Living Stones fit into the whole church planting program of World Renewal Brazil?
